NT SERIES HEAT PUMPS & AIR HANDLERS

NT SERIES HEAT PUMPS & AIR HANDLERS

napoleon.com

THINK DIFFERENT. THINK NAPOLEON.

Napoleon's NT Series Heat Pumps are perfect for heating and cooling your home. With a charcoal grey color and WHISPER QUIET™ operation, they blend into the landscape of any home. Available in a variety of sizes, the Napoleon NT Series heat pump can meet a wide range of home comfort needs.

That's Napoleon.

SWEPT FAN BLADE TECHNOLOGY

Napoleon NT Series Heat Pumps are made with modern fan blade technology. The unique upswept blades increase efficiency, slicing through the air easily which decreases sound levels and ensures very little vibration. Napoleon swept fan blades are made with a plated steel hub and aluminum blades to ensure longevity.

*See Warranty for Details

GREEN TECHNOLOGY

Napoleon NT Series Heat Pumps are made with the environmentally conscious, chlorine-free refrigerant R-410A. Napoleon heat pumps do not contribute to ozone depletion and offer higher efficiency ratings.

In addition, R-410A refrigerant reduces power consumption and increases the durability of your compressor, extending the life of your Napoleon NT Series Heat Pump.

SPECIFICATIONS

OUR DIFFERENCE IS IN THE DETAILS 4 WAYS TO COUNT ON THE BEST

- Swept Fan Blades**
 - Contoured blades provide quieter operation and efficient airflow
 - Fans are made up of 2 or 4 fan blades to accommodate the cooling capacity of the unit
- Scroll Compressor**
 - Industry-leading scroll compressor
 - Contains built-in enhanced temperature and pressure protection
- Extruded Slot Side Panels**
 - Extruded slot side panels protect your Napoleon heat pump while allowing the right amount of airflow
 - Powder coated cabinet panels withstand 1000 hours of salt spray testing
- Reverse Valves**
 - Your heat pump's reverse valves allow your home to be heated or cooled, depending on your needs

AIR HANDLERS

Napoleon's 16 SEER (Seasonal Energy Efficiency Rating) air handler is a great addition to your heating and cooling system. With multiple installation options, quiet operation and a neutral color, you won't notice your Napoleon air handler is there as it maintains a balanced, comfortable temperature in your home.

FEATURES:

- Anti-rust cabinet made with spray-painted galvanized steel
- Fully insulated design for quiet operation
- Front panel is removable for easy maintenance
- Filter rack located at the bottom for convenient maintenance and installation

QUIET OPERATION

The 16 SEER air handler offers quiet operation, so there are no excessive noise levels in your home, making it a more comfortable living environment.

INSTALLATION OPTIONS FLEXFIT FOR CONVENIENCE

flexfit

Napoleon's Mid-efficient gas furnace offers zero clearance in all positions, providing installation ease in closets and alcoves with no additional kits required.

VARIABLE SPEED TECHNOLOGY

16 SEER models feature an EMC variable speed blower motor, which is designed to accelerate and decelerate slowly. When the motor is in continuous operation, it eliminates sudden gusts of air and maintains an even temperature throughout your home, providing ideal comfort.
